### **Empowerment Practices**

Is a psychological concept: four dimensions

- (1)- self-determination
- (2)- meaning
- (3)- competence
- (4)- impact of their role in the organization

### **Empowerment Practices(Continued)**

#### (1) Self-determination

- Empowered employees feel that they have freedom, independence and discretion over their work activities.

#### (2) Meaning

- Employees who feel empowered care about their work and believe that what they are doing is important.

#### (3) Competence

- Empowered people are confident about their ability to perform the work well and have a capacity to grow with new challenges.

## **Empowerment Practices(Continued)**

### (4) Impact

- Empowered employees view themselves as active participants in the organization; that is, their decisions and actions have an influence on the company's success.

## Stress Management

What is stress??

- Stress is an adaptive response to a situation that is perceived as challenging or threatening to the person's well-being.

# Stress Management(Continued)
